Chairman's Communique

Dear Shareholders,

I hope you all and your family members are healthy and safe.

As we reflect on the past year, it is with a sense of achievement and gratitude that I address you through our 15th Annual Report. This year has been one of both challenges and opportunities and I am proud to share the strides we have made as we continue to build on our legacy in the fan industry.

Financial Year 2023-24 marked a transformational year for “Wonder”, characterized by significant progress in our journey towards reimagining the future and enhancing the experiences of our expanding consumer base. I am pleased to share with you this period of growth which marks a new chapter in the Company’s evolution as we prepare for future success.

Your Company has recorded total revenue of Rs. 569.99 cr. in FY 2023-24 as compared to Rs. 402.51 cr. in FY 2022-23 and booked profit (PBT) Rs. 14.52 cr. in FY 2023-24 as compared to Rs.8.89 (PBT) cr. in FY 2022-23.

During the Year, your company has added one more plant at Sidcul Haridwar, Uttarakhand, which is acquired through slump sale.

Wonder has expanded its manufacturing footprint to meet escalating demand, enhancing production capacity and agility while upholding stringent quality standards to maintain our reputation for reliability and excellence. Our robust New Product Development (NPD) process drives continuous innovation, enabling us to swiftly respond to market needs with timely launches.

Performance Highlights

This year, Wonder Electricals has navigated through a dynamic market landscape with resilience and strategic foresight. Our key achievements include:

- **Product Innovation:** We have launched several new fan models incorporating advanced technology and design improvements. These innovations not only enhance performance but also align with our commitment to energy efficiency and sustainability.
- **Market Penetration:** Our efforts to expand into new regions and segments have yielded promising results. We have strengthened our presence in the market.
- **Operational Excellence:** We have optimized our manufacturing processes, improved supply chain efficiencies, and implemented state-of-the-art technologies to increase productivity and reduce costs

Strategic Initiatives

Looking ahead, our strategic focus will be on:

Driving Innovation: We will continue to invest in research and development to lead in fan technology and address emerging consumer needs. Our goal is to set new benchmarks for performance and design in the industry.

Enhancing Customer Experience: Understanding and upcoming upto our customers' expectations are paramount. We will enhance our customer service and support systems to provide exceptional experiences and foster long-term relationships.

I am pleased to let you know that the Board of Directors has recommended a final dividend of Rs.1/- per equity share of face value 10/- and Board of Directors has already paid interim Dividend of Rs.1/- per equity share of face value 10/- for the FY 2023-24.

I would like to express my heartfelt appreciation to our dedicated employees, whose hard work and innovation drive our success. To our customers and partners, your trust and support have been invaluable. And to our shareholders, your confidence in our vision and strategy is deeply appreciated.

I am optimistic about the future and confident in our ability to continue achieving excellence. Wonder Electricals is well-positioned to embrace new opportunities and tackle future challenges, and I look forward to sharing our continued progress with you.

Thank you for your ongoing support.

Harsh Kumar Anand
Chairman

Managing Director's Message

Dear Shareholders,

I am pleased to present Wonder's 15th Annual Report for Financial Year 2023-24. The Indian economy faced both domestic challenges and global economic headwinds in FY24. Factors such as inflationary pressures, BEE star rating transition in fans, erratic weather condition and fluctuating commodity prices influenced economic performance. Externally, global uncertainties, including geopolitical tensions and supply chain disruptions, posed additional challenges. Despite these complexities, India maintained a resilient growth trajectory, supported by ongoing reforms and sustained investment in infrastructure.

As we continue on this growth journey, our focus remains on leveraging our manufacturing prowess to deliver innovative products. Over the last few years, we have significantly expanded our manufacturing unit, providing us with the flexibility to experiment, innovate, and enhance both speed and time-to-market. In the last financial year, we established a dedicated manufacturing unit in Sidcul Haridwar through acquisition.

we believe that increasing awareness about energy efficiency will drive the demand for BLDC fans, a category wherein we have an extensive range across price points and have further plans to expand it. We further intend to strengthen our portfolio in the premium fans category. In Appliances, our focus will be on healthy margin extraction across categories through better product mix, channel optimization, agile planning, and cost competence.

Revenue Growth: During the year, net revenue increased by 41.6% to reach 569.99 crores, translating into an impressive 42.83% EBITDA growth and 61.44% PAT increase from FY23 to FY24.

Market Dynamics: The fan industry continues to evolve, driven by new standard of energy efficiency, smart home integration, etc. We have moved with the times and delivered new ceiling fans in the small motor category. We have proactively adapted to these changes by investing in R&D and expanding our product lines to meet the shifting needs of our customers.

Looking Ahead: As we look to the future, we are excited about the opportunities that lie ahead. Our strategic priorities for the coming year include:

- **Expanding Market Reach:** We will continue to explore new markets and channels to drive growth.
- **Innovation and Technology:** Investing in cutting-edge technology and developing cost efficient products to further enhance our product offerings.
- **Customer Experience:** Enhancing our customer service and support to ensure an exceptional experience for our clients.

As we move forward, we remain focused on our mission to Manufacture high-quality fans solutions that exceed expectations and contribute to a more comfortable and efficient world. Together, we will continue to build on our achievements and drive sustainable growth.

On behalf of the entire Company, I would like to extend my deepest gratitude to our esteemed shareholders for their trust in our business. I am also incredibly proud of our remarkable team at WEL, always empowering us to reach greater heights of success. As we forge ahead, I am excited about the future and confident in our ability to drive profitable growth and deliver value to our shareholders.

Thank you for your continued support.

Warm regards,

Yogesh Sahni
Managing Director

Recognized Provident Fund: Self-attested copy of a valid order from Commissioner under Rule 3 of Part A of Fourth Schedule to the Income Tax Act, 1961 or self-attested valid documentary evidence (e.g. relevant copy of registration, notification, order, etc.) in support of the provident fund being established under a scheme framed under the Employees' Provident Funds Act, 1952.

Approved Superannuation Fund: Self-attested copy of valid approval granted by Commissioner under Rule 2 of Part B of Fourth Schedule to the Income Tax Act, 1961.

Approved Gratuity Fund: Self-attested copy of valid approval granted by Commissioner under Rule 2 of Part C of Fourth Schedule to the Income Tax Act, 1961.

National Pension Scheme: A declaration that the NPS is exempt under Section 10(44) of the Income Tax Act, 1961 and registration taken under Pension Fund Regulatory and Development Authority Act, 2013.

Other Non-Individual shareholders: Self- attested copy of documentary evidence supporting the exemption along with self- attested copy of PAN card.

Please note that as per section 206AB of the Income Tax Act, 1961 in case a person has not filed his/her Return of Income for the preceding financial year and the aggregate of tax deducted at source in his/her case is Rs. 50,000 or more in the said financial year, TDS will be higher of the following:

- a) Twice the rate specified in the relevant provision of the Income Tax Act, 1961; or
- b) Twice the rate or rates in force; or
- c) The rate of five per cent.

The non-residents who do not have permanent establishment and residents who are not required to file a return under section 139 of Income Tax Act, 1961 are excluded from the scope of a "specified person" i.e. levy of higher TDS under section 206AB of the Income Tax Act, 1961.

For Non-resident Shareholders: Taxes are required to be withheld in accordance with the provisions of section 195 read with section 115A of the Income Tax Act, 1961 at the rate of 20% (plus applicable surcharge and cess) on the amount of Dividend payable to them. In case of GDRs and Foreign Portfolio Investors ("FPI")/ Foreign Institutional Investors ("FII"), the withholding tax shall be as per the rates specified in sections 196C and 196D of the Income Tax Act, 1961 respectively plus applicable surcharge and cess on the amount of dividend payable to them.

However, as per section 90 of the Income Tax Act, 1961, the non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA") between India and the country of tax residence of the shareholder, if they are more beneficial to them. For this purpose, i.e. to avail DTAA benefits, the non-resident shareholder will have to provide the following:

- Self-attested copy of PAN card allotted by the Indian Income Tax authorities.
- Self-attested copy of Tax Residency Certificate (TRC) for Financial Year 2024-25 obtained from the tax authorities of the country of which the shareholder is a resident.
- Shareholders who have PAN and propose to claim treaty benefit need to mandatorily file Form 10F online at link <https://eportal.incometax.gov.in/> with effect from 1st April, 2024 to avail the benefit of DTAA.
- Self-declaration by shareholder of meeting treaty eligibility requirement and satisfying beneficial ownership requirement for Financial Year 2024-25.
- Self-declaration by the non-resident shareholder of having no Permanent Establishment in India in accordance with the applicable Tax Treaty.
- In case of Foreign Institutional Investors and Foreign Portfolio Investors, copy of SEBI registration certificate.
- In case of shareholder being tax resident of Singapore, a letter issued by the competent authority or any other evidence demonstrating the non-applicability of Article 24 - Limitation of Relief under India-Singapore DTAA.

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction/ withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company of the documents submitted by the Non-Resident shareholder.

Declaration Under Rule 37BA

In case the dividend income is assessable to tax in the hands of a person other than the registered shareholder as on **Wednesday, 18th September, 2024**, in terms of Rule 37BA of the Income Tax Rules, 1962, the registered shareholder is required to furnish a declaration containing the name, address, PAN of the person to whom TDS credit is to be given and reasons for giving credit to such person on or before, 19th September, 2024. No request in this regard would be accepted by the Company/KFin after the said date or payment of dividend.

- 13.** Members may submit the aforementioned documents on or before **Wednesday, 18th September, 2024** in order to enable the Company to determine and deduct appropriate tax. No communication on the tax determination/deduction shall be entertained post **Wednesday, 18th September, 2024**. It may be further noted that in case the tax on said dividend is deducted at a higher rate in the absence of receipt of the aforementioned details/ documents from the shareholders, there would still be an option available with the shareholders to file the return of income and claim an appropriate refund, if eligible.

In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the shareholder, such shareholder will be responsible to indemnify the Company and also provide the Company with all information/ documents and co-operation in any appellate proceedings.

The Company shall arrange to email the soft copy of TDS certificate to the shareholders at the registered email ID in due course, post payment of the said Dividend.

An email communication informing the shareholders regarding TDS as well as the relevant procedure to be adopted by them to avail the applicable tax rate is being sent by the Company at the registered email IDs of the Shareholders.

14. **IEPF:** Under section 124 of the Act, dividends that are unclaimed/unpaid for a period of seven years are required to be transferred to the Investor Education and Protection Fund (“IEPF”) administered by the Central Government.
15. **SUBMISSION OF QUESTIONS / QUERIES PRIOR TO AGM:** Members who would like to express their views or ask questions during the AGM may pre-register themselves as a speaker by sending their request from their registered Email ID mentioning their name, DP ID and Client ID/folio number, PAN, mobile number at cs@wonderelectricals.com from **Monday 16th September, 2024 (from 9.00 a.m.) to Wednesday, 18th September, 2024 (up to 5.00 p.m.)**. Those Members who have registered themselves as a speaker will only be allowed to express their views/ask questions during the AGM. The Company reserves the right to restrict the number of speakers depending on the availability of time for the AGM.
16. The Shareholders, who do not wish to speak during the AGM but have queries may send their queries or seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before **18th September, 2024**, through E-mail mentioning their name, demat account number/folio number, email id, mobile number at cs@wonderelectricals.com. The same will be replied by the Company suitably.
17. In line with the said Circulars issued by the MCA and said SEBI Circular, the Annual Report including Notice of the 15th AGM of the Company inter alia indicating the process and manner of e-voting is being sent only **through electronic mode**, to all those Shareholders whose Email IDs are registered with the Company/Depository Participant(s) for communication purposes to the Shareholders and to all other persons so entitled.
18. Further, in terms of the applicable provisions of the Act, SEBI Listing Regulations read with the said Circulars issued by MCA and said SEBI Circular, the Annual Report including Notice of the 15th AGM of the Company will also be available on the website of the Company at www.wonderelectricals.com. The same can also be accessed from the website of both the Stock Exchanges i.e., BSE Limited and the National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and AGM notice is also available on the website of NSDL (agency providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.
19. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Shareholders holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, Email ID, telephone/mobile numbers, PAN, mandates, nominations, power of attorney, bank details (such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc.), with necessary documentary evidence, to their Depository Participants in case the shares are held by them in dematerialized form.
20. Changes intimated to the Depository Participant will then be automatically reflected in the Company’s records which will help the Company and its Registrar & Share Transfer Agent to provide efficient and better services to the Shareholders.
21. In terms of the provisions of Section 72 of the Act, the facility for making nomination is available for the Shareholders in respect of the shares held by them. Shareholders who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Shareholders holding shares in dematerialised form are requested to submit the said details to their Depository Participant(s).

❖ **Voting through electronic means**

- There being no physical shareholding in the Company, the Register of members and share transfer books of the Company will not be closed. In accordance with Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Amendment Rules, 2015, the Company has fixed **Wednesday, 18th September, 2024** as the “**cut-off date**” to determine the eligibility to vote by remote e-voting or e-voting at the AGM. A person whose name is recorded in the Register of Shareholders or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date, i.e., **Wednesday, 18th September, 2024**, shall be entitled to avail the facility of remote e-voting or e-voting at the AGM.
- Only those Shareholders, who will be present at the AGM through VC/OAVM facility and who would not have cast their vote by remote e-voting prior to the AGM and are otherwise not barred from doing so, shall be eligible to vote through e-voting system at the AGM.
- Further, pursuant to SEBI Circular dated 9th December, 2020, to eradicate the hardship caused to the Shareholders of remembering login credentials of various e-voting service providers (ESPs), the SEBI has mandated to provide the facility of using single login credentials with various ESPs. This means Shareholders can avail the e-voting facility of various ESPs through their single login credentials, this will help in non-creation of login credentials again and again.
- The Board has appointed Ms. Rubina Vohra, Proprietor of M/s. Rubina Vohra & Associates, Company Secretaries, as the Scrutiniser to scrutinise the remote e-voting process as well as the e-voting system on the date of the AGM, in a fair and transparent manner.
- The Scrutiniser shall, after the conclusion of e-voting at the AGM, first count the votes cast vide e-voting at the AGM and thereafter shall, unblock the votes cast through remote e-voting, in the presence of at least two witnesses not in the employment of the Company. She shall submit a Consolidated Scrutiniser’s Report of the total votes cast in favour or against, within 2 working days from the conclusion of the AGM, to the Chairman or a person authorised by him in writing, who shall counter sign the same and declare the result of the voting forthwith.
- The results declared along with the Scrutiniser’s Report shall be communicated to the stock exchanges on which the Company’s shares are listed, NSDL, and RTA and will also be placed on the Company’s website www.wonderelectricals.com
- The remote e-voting period begins on **Saturday, 21st Saturday, 2024 at 9.00 a.m. and ends on Monday, 23rd September, 2024 at 5.00 p.m.** and the remote e-voting module shall be disabled by NSDL for voting thereafter. once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.

STATE OF COMPANY'S AFFAIRS/OPERATIONS

At Wonder Electricals Limited, we manufacture and supply a wide range of ceiling, exhaust, pedestal, TPW and BLDC fans in various attractive designs and patterns, which are known for their high performance and low power consumption in the market. Our range of fans is available in different designs, colors and has superior gloss finishes that add grace to the decor of the surroundings. We also manufacture these fans as per specification of our clients which include well-known companies which are selling under their own brands in India.

We are a fully integrated end-to-end product and solution suite to the original sellers of the fans wherein we provide start to end solutions for fan sellers including sourcing, manufacturing, quality testing and packaging.

In line with our focus to provide end to end product solutions, we have done backward integration of our major manufacturing processes by developing in-house capabilities for blade fabrication, cover & rotor machining on automatic CNC machines, copper winding of stators, sanding, buffing, pre-treatment using nano technology, powder coating on a fully conveyORIZED & automatic paint-shop using robotic arm reciprocators, liquid painting for high end metallic finishes on a fully conveyORIZED, semi-automatic paint-shop and assembly. We believe that this improves our cost efficiency, reduces dependency on third party suppliers and gives better control on production time and quality of critical components used in manufacturing of the products.

At present, the Company is operating with Three (3) plants at locations as mentioned in Corporate Governance Report.

ANNEXURE -C**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****ECONOMIC REVIEW & OUTLOOK**

In the year 2023, the global economy exhibited notable resilience, expanding by 3.2%, despite facing geopolitical challenges and fluctuations in commodity prices, which led to inflationary pressures across both advanced and emerging markets. To combat rising inflation, major central banks implemented measured interest rate increases, effectively curbing its escalation. Inflation rates receded more swiftly than anticipated from its resulting in gradual economic recovery and job creation in the US, Europe, and other emerging markets, albeit persistent geopolitical tensions, disrupting global supply chains and trade. China's economy continued to experience strain, posing a potential risk to global economic stability. However, emerging economies like India, Vietnam, and Mexico are expected to show positive growth, backed by heightened foreign institutional investor interest.

Economic expansion in 2023-24, propelled by growth in manufacturing and services sectors, is reflected in the increase in Gross Value Added (GVA) by 6.9%, signaling a positive economic outlook with increased production, employment and income generation.

As per the press release by the National Statistical Office (NSO), Ministry of Statistics and Programme Implementation, Government of India, real gross domestic product (GDP) has been estimated to grow by around 8% in FY24 as compared to the growth rate of 7% in FY23. Strong investment activity underpins this growth, with projections for real GDP growth in coming years.

The Indian economy demonstrated remarkable resilience in the face of global economic challenges. A robust resurgence in consumer demand and strong performances across manufacturing, services, and agricultural sectors, buoyed by a favorable monsoon, have been pivotal in this growth trajectory. According to the National Statistical Office (NSO), India registered a real GDP growth of over 8.2% in FY 2023-24. This rebound in economic growth can be attributed to India's sound macroeconomic fundamentals, burgeoning domestic demand, and prudent monetary policies implemented by the RBI.

INDUSTRY OVERVIEW**The Electrical Consumer Durables (ECD) segment in India**

The Consumer Durables Industry in India is experiencing significant growth, as highlighted by the Indian Brand Equity Foundation (IBEF), report from December 2023. According to the report, India's Consumer Electronics and Appliances Industry is on track to become the fifth-largest, globally by 2025. The focus on energy efficiency is another significant aspect of the industry's growth trajectory. Energy efficiency schemes and programs have led to substantial energy and monetary savings, as highlighted by the Ministry of Power's report on the Impact of Energy Efficiency Measures, 2022-23.

The demand for consumer electronics and electrical segments is primarily influenced by factors like construction activity, power availability, consumer credit, and weather patterns. Additionally, Government reforms like the Goods and Services Tax (GST) and the Make in India initiative are expected to drive a shift from unorganized to organized players in the market. According to the IBEF – Consumer Durables, December 2023 report, non-metro markets are emerging as significant growth drivers, showing rapid consumption growth and potential for new business centers.

Government support and initiatives play a crucial role in driving growth in the Consumer Durables Industry. Schemes like Make in India, Ujala, Atmanirbhar Bharat Abhiyaan, and Production Linked Incentive (PLI) Scheme for White Goods aim to promote domestic manufacturing and boost growth. Additionally, the shared economy model is gaining traction, with rentals of home appliances growing in urban areas, supported by some startups offering rental services. Government initiatives aimed at housing development and the creation of smart cities are significant contributors to the rise in consumption of ceiling fans. Further, Under the Pradhan Mantri Sahaj Bijli Har Ghar Yojana (Saubhagya scheme), the increased accessibility to electricity, particularly in rural regions, serves as a significant catalyst for the expansion of the ceiling fans market in India. Star-rated and BLDC fans continue to occupy ‘top-of-the-mind’ recall and are driving replacement market for ceiling fans. Easy accessibility of a variety of ceiling fans on online platforms is aiding overall growth of the industry.

The fans industry in India has seen significant growth over the years. Demand for premium fans with better aesthetics has been on the rise with consumer preferences shifting towards enhanced and appealing interiors. The energy labelling programmes, increasing adoption of energy efficient fans, development of real estate, hospitality and retail sectors and changing climatic conditions will bolster the market growth.

OPPORTUNITIES

Technological Advancements:

- **Smart Fans:** Integration of smart technology for remote control and energy efficiency.
- **Energy-Efficient Models:** Growing demand for energy-efficient appliances can be leveraged by developing fans with advanced energy-saving technologies.

Expanding Markets:

- **Emerging Economies:** Increasing urbanization and rising disposable incomes in developing countries present growth opportunities.
- **Diversification:** Expanding product lines to include air purifiers or other climate control devices can capture more market segments.

Customization and Personalization:

- **Design Variations:** Offering customizable designs and colours can attract a niche market looking for personalized home decor.

Increasing electrification:

- **Electricity Power:** Government efforts towards enhanced power availability is continually increasing electrification in semi-urban and rural areas, along with stable

electricity supply in urban areas. This has translated into better demand for electrical and consumer durable products in new and existing markets.

THREATS

Economic Downturns:

- **Consumer Spending:** Economic instability can lead to reduced consumer spending on non-essential items, affecting sales.

Intense Competition:

- **Price Wars:** High competition from both domestic and international manufacturers can lead to price wars and reduced profit margins.
- **Substitute Products:** Competition from alternative cooling solutions like air conditioners or evaporative coolers.

Raw Material Costs:

- **Fluctuating Prices:** Volatility in the cost of raw materials (e.g., metals, plastics) can impact production costs and pricing strategies.

Regulatory Challenges:

- **Compliance:** Adhering to varying regulatory standards and certifications in different markets can increase operational complexity and costs.
- **Environmental Regulations:** Stricter environmental regulations may require additional investments in sustainable practices and technologies.

Supply Chain Disruptions:

- **Logistics Issues:** Disruptions in the supply chain, such as those caused by geopolitical tensions or pandemics, can impact production and delivery.

Power disruptions:

- **Electricity:** Any impact on power distribution and electricity delivery can impact the demand for electrical products. Availability of stable and quality power supply continues to be an important factor for the industry's growth prospects.

SEGMENT-WISE OR PRODUCT WISE PERFORMANCE

As the Company has identified manufacturing/dealing/trading of ceiling, exhaust, pedestal & BLDC fans as its primary business segment, the disclosure requirements of Indian Accounting Standard 108 – “Operating Segments”, issued by the Institute of Chartered Accountants of India are not applicable. In the opinion of the management there does not exist separate reportable geographical segment.

OUTLOOK

The Company is driven by an experienced management team with deep understanding of business complexities and is well positioned to capitalize on the country's significant growth potential, with rising disposable incomes, young demographics and increasing awareness/ aspirations.

The electrical industry has immense growth potential, especially considering the increased penetration of electricity and home improvement drive. Post the COVID-19 pandemic, a notable shift is being seen in online buying and e-commerce. Advanced connectivity and digitization are fast becoming the cornerstone of the industry.

Despite the short-term disruptions caused by the increase in cost of raw material cost and steep increase in commodity prices, your Company's cost-saving programme, product mix improvement, and calibrated pricing enabled it to sustain margins and profitability. The preference of end consumers is also structurally shifting towards branded and good quality products which augur well with your Company's strategy. Your Company will continue to invest in R&D with a focus on producing innovative, value-added products. Your Company will continue to ramp up its customer base and increase presence in modern trade, rural and customer base.

It is also looking at deploying newer technologies and platforms such as energy-efficient technologies across its product. Having established a material position in the fans division, your Company focusses on enhancing the productivity. It also continues to evaluate organic opportunities, which will accelerate the growth momentum and business strategy.

RISKS & CONCERNS

Your Company has a well-framed and robust internal financial control system in place which governs the risk management and governance. A structured risk management system permits the management to take calibrated risks, which provides a holistic view of the business wherein risks are identified in a structured manner from a top-down to the bottom-up approach. The twin purpose of Enterprise Risk Management is to mitigate the adverse impacts and seize the market opportunities to sustain business growth and maintain a competitive edge in the industry.

Key risks of your Company include business risk, operational risk and external risk. Your Company regularly oversees and monitors the risks in line with the industry best practices. Your Company endeavors to attain cost control, expand customer base, and produce premium and innovative products to fulfil evolving customer requirements.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has Internal Control Systems commensurate with the nature of its business, size, and complexities which is integrated with Company policies, defined Standard Operating Procedures (SOP) across processes. The key objective of the internal control systems is to manage business risks, enhance shareholder value and safeguarding of the assets.

Cross functional internal audits are conducted at all locations to ensure that high standards of Internal Controls are maintained. It provides reasonable assurance on the internal control environment and against non-occurrence of material misstatement or loss. Every quarter, Audit Committee reviews the adequacy and effectiveness of internal control system and monitors the implementation of audit recommendations. Key controls across processes were tested during the

year to provide assurance regarding compliance with the existing policies and significant operating procedures, and no significant weaknesses/deviations were noted in effectiveness of the controls.

Further, the Statutory Auditors of the Company also carried out audit of the Internal Financial Controls Over Financial Reporting of the Company as on March 31, 2024.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the state of affairs of the Company as at 31st March'2024, its profit/loss and its cash flows for the year ended on that date.

- a) In the case of the balance sheet, of the state of affairs of the company as at March 31, 2024;
- b) In the case of the Profit and Loss Account, of the profit for the period ended on that date and;
- c) In the case of cash flow statement, for the cash flows for the year ended on that date;
- d) And the changes in equity for the year ended on that date

Basis for Opinion

We conducted our audit in accordance with the Indian Accounting Standards (Ind AS) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the

financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. On our test check basis there is no matter during the year under audit which required to be reported in our report.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of directors is responsible for the matter stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance of the Company and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (IND AS) notified under the Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent' and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate,

they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters:-

Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (the Order) issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act,2013 we give in the separate “Annexure-A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c. The Balance Sheet, the Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d. In our opinion, the aforesaid standalone financial statements comply with Indian accounting standards (IND AS) notified under the Section 133 of the Companies Act read with Rule 7 of the Companies (Accounts) Rules, 2014;

e. On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act;

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B''

g. With respect to the matter to be included in the Auditor's Report under section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.

h. In our opinion and to the best of our information and according to the explanations given to us, we report as under with respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014:

(i) The Company does not have any pending litigation which would impact its financial position in its financial statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

(iv) (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.

(v) During the year, company has distributed interim dividend of Re 1 each to its equity shareholders and distributed dividend to 5% Non-convertible, Non-Participating and Non-Cumulative Redeemable Preference shareholder at fix rate upto 31.03.2024;

"Annexure-B" to the Auditor's Report"

Referred to in paragraph 2(f) on 'Report on Other Legal and Regulatory Requirements' of our report of even date.

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s Wonder Electricals Limited** ("the Company") as of **31st March 2024** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Company always classifies deferred tax assets (liabilities) as non-current assets (liabilities).

All other liabilities are classified as non-current.

The operating cycle of a company is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. When the entity's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

c. Foreign Currency

The company's reporting currency and the functional currency for its operations is Indian Rupees (INR) being the principal currency of the economic environment in which it operates.

(i) Transaction and balances

A foreign currency transaction shall be recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate, of the date on which transaction first qualifies for recognition as per Ind AS's, between the functional currency and the foreign currency at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated at the exchange rates prevailing as at the end of reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary assets and liabilities or on translating monetary assets and liabilities at rates different from those at which they were translated on initial recognition during the period or in previous

financial statements shall be recognized in statement of profit and loss in the period in which they arise. When a gain or loss on a non-monetary item is recognized in other comprehensive income, any exchange component of that gain or loss shall be recognized in profit or loss, any exchange component of that gain or loss shall be recognized in profit or loss.

Earning & expenditure in foreign exchange are as below:

Particulars	Current Year (₹)	Previous Year (₹)
Earning in foreign exchange	Nil	15,36,770/-
Expenditure in foreign exchange	Nil	Nil

d. Fair value measurement

The Company measures some financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date:

- Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — inputs other than quoted prices included in level 1 that are observed for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 — inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company recognizes transfers between level of the fair value hierarchy at the end of reporting period during which the change has occurred. The management has an established control framework with respect to fair value measurement.

e. Revenue recognition

(i) Sales of goods:-

Revenue from the sale of goods shall be recognised when all the following conditions have been satisfied:

- (a) the entity has transferred to the buyer the significant risks and rewards of ownership of the goods;
- (b) the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (c) the amount of revenue can be measured reliably;
- d) it is probable that the economic benefits associated with the transaction will flow to the entity; and

- e) the costs incurred or to be incurred in respect of the transaction can be measured reliably;
- f) subsidies and other incentives are recognized on collection/receipt basis;

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes, levies or duties collected on behalf of the government/ other statutory bodies. Taxes, levies or duties are not considered to be received by the Company on its own account and excluded from net revenue.

Warranty is not a separate performance obligation but assurance type warranty and no separate provisions has been accounted for a warranty.

(ii) Rendering of services:

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period.

The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the transaction will flow to the entity;
- (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably;

(iii) Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

Interest Income from Bank- interest income is recorded on a time- proportionate basis that takes into account the effective interest rate (EIR)

Interest Received from Security with Electricity Board- Interest is recorded on the basis of agreement with Electricity Board while depositing the security amount.

Interest Received on IT Refund- Interest received at half percent per month as per rate defined under Income Tax Act

Other Income- It comprises of Interest Income received from Banks, Electricity board and other misc. interest.

f. Grants from government

Government Grants including non-monetary grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and that the grants will be received. Government grants related to depreciable assets is treated as deferred income and are recognised in Statement of Profit & Loss on a systematic basis over the useful life of asset. Government Grants related to assets are presented in the balance sheet by setting up the grant as deferred income. Grants related to income are presented as part of profit or loss under the general heading 'Other Income'.

A government grant that becomes receivable as compensation for expense or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs shall be recognised in profit or loss of the period in which it become receivable. A government grant may take form of a transfer of a non-monetary asset, such as land or other resources, for the use of company. In these circumstances, the fair value of the non- monetary asset is assessed and both the grant and asset are accounted for at that fair value.

g. Taxation

Income tax expense represents the sum of the current tax payable and deferred tax. The current tax is based on taxable profit for the year, which is determined pursuant to Income Tax Act, 1961. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income, in which case, the current tax and deferred tax are also recognised in other comprehensive income.

Deferred tax liability is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

h. Property, Plant and Equipment

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of plant and equipment and borrowing cost for long-term construction projects. The cost of an item of property, plant and equipment comprises:

(a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.

(b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Subsequent costs are included in the carrying amount of assets or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with them will flow to the company and the cost of the item can be measured reliably and it is expected to be used for more than one year.

An item of Property, plant or equipment is derecognised upon disposal or when no future economic benefits are expected from the continued use of assets. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit and loss. Depreciation on property, plant and equipment, except leasehold land, has been provided on written down value method as per the useful life of assets prescribed in Schedule II to the Companies Act, 2013.

The residual value of PPE for depreciation purpose is considered as 5% of the original cost of the asset. The estimated useful life of the assets is reviewed at the end of each financial year. Depreciation on the assets added / disposed of during the year is provided on pro-rata basis with reference to the month of addition / disposal. Value of leasehold land is amortised on the basis of lease period or balance life of the project whichever is earlier.

Name of company	Type of Asset	Method of Depreciation	Useful life (years)
Wonder Electricals Limited	Building	Written Down Value method	30
	Furniture & Fixture		10
	Office Equipment		5
	Plant & Machinery		15
	Vehicles		10
	Computer & Others		3

- 1) Property and equipment comprise of Land of Rs. 4,42,04,328 for which the company has title and management has intention to use this asset for business purpose in near future.
- 2) The Company has recorded depreciation charge of Rs 580.46 Lakhs for the period ended 31 March 2024.

i. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

j. Borrowing Costs

Borrowing cost attributable to the acquisition or construction of qualifying/ eligible assets are capitalized as part of the cost of such assets. A qualifying/ eligible asset is an asset that necessarily takes a substantial period of time to get ready for intended use. All other borrowing cost are recognised as expenses and are charged to revenue in the year.

k. Leases

Company as a lessee

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

As a lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

For Operating leases, security expenses is recognized on a straight line basis over the term of the relevant lease.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

I. Inventories

Cost shall comprise:

For Raw Materials and Packing materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in first out method basis.

Finished Goods and Work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on first in first out basis material cost and includes cost of conversion and cost incurred in bringing the goods to present location and condition.

Traded goods: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in first out basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Stores & Spares: The Stock of stores & spare parts are charged to revenue account except loose tools. Stores are valued at cost calculated on the basis of first in first out method. Provisions are made for unserviceable, damaged, obsolete, slow moving, defective stores and spares identified during the physical stock taking.

Scrap

Scrap is valued at cost or net realizable value whichever is lower.

m. Impairment

At the end of each reporting period, entity assesses whether there is any indication that an asset (tangible or intangible) may be impaired. If any such indication exists, the entity estimates the recoverable amount of the asset. Asset is impaired when its carrying value exceeds its recoverable amount. Where an indication of impairment exists, the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

n. Provisions, Contingent Liabilities & Contingent Assets

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation. All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the company, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote. Contingent Assets are not recognised in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate. Where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

o. Employee benefits expenses

Employee benefits include salaries, wages, contribution to provident fund, gratuity, leave encashment towards un-availed leave, compensated absences, post-retirement medical benefits and other terminal benefits.

The company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income. Past Service cost is recognized in the statement of profit & loss in the period of plan amendment.

Defined contribution plan:

Company's contributions paid/payable during the year to Provident Fund, Superannuation Fund and Employee state insurance are recognised in statement of profit and loss.

Compensated absence:

Liability for compensated absence is provided based on accumulated leave credit outstanding to employees as on the date of balance sheet.

Liabilities for short term employee benefits are measured at undiscounted amount of the benefits expected to be paid and charged to Statement of Profit & Loss in the year in which the related service is rendered.

Whereas Company is maintaining the Gratuity funds with LIC and making the premium payment over the period for its maintenance. The post-employment benefits like pension and gratuity are taken under Other Current Assets.

p. Financial instruments**A. Financial assets:-****(i) Initial recognition and measurement**

All financial assets are recognised initially at fair value plus or minus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

(ii) Subsequent measurement

On subsequent recognition, a financial asset is classified as measured at:

- Amortised cost — Debt instruments
- Fair value through other comprehensive income (FVTOCI) - Debt Investment
- Fair value through other comprehensive income (FVTOCI) — Equity investment
- Fair value through profit or loss (FVTPL) — Derivatives, preference shares and debt instruments.

(iii) Amortised cost

A 'Financial asset' is measured at the amortised cost if both the following conditions are met and is not designated as at FVTPL:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

(iv) Equity Investment

On initial recognition of an equity investment that is not held for trading, the company may irrevocably elect to present subsequent changes in the fair value of investment in OCI (designated as FVTOCI — equity investment). This election is made on an investment by investment basis.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

(v) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance. Financial assets that are debt instruments and are measured as at FVTOCI. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18. Financial guarantee contracts which are not measured as at FVTPL.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables; and The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period,

credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all the contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

All the contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual cash terms of the financial instruments.

Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(vi) Financial Liabilities

A financial liability is any liability that is:

a) a contractual obligation :

i) to deliver cash or another financial asset to another entity; or

ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the entity; or

b) a contract that will or may be settled in the entity's own equity instruments and is:

i) a non-derivative for which the entity is or may be obliged to deliver a variable number of the entity's own equity instruments; or

ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments. For this purpose, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non- derivative equity instruments. Apart from the aforesaid, the equity conversion option embedded in a convertible bond denominated in foreign currency to acquire a fixed number of the entity's own equity instruments is an equity instrument if the exercise price is fixed in any currency.

Also, for these purposes the entity's own equity instruments do not include puttable financial instruments that are classified as equity instruments in accordance with paragraphs 16A and 16B, instruments that impose on the entity an obligation to deliver to another party a pro rata share of the net assets of the entity only on liquidation and are classified as equity instruments in accordance with instruments that are contracts for the future receipt or delivery of the entity's own equity instruments. As an exception, an instrument that meets the definition of a financial liability is classified as an equity instrument if it has all the features and meets the conditions in paragraphs 16A and 16B or paragraphs 16C and 16D.

Initial Recognition and measurement

All financial liabilities are recognised initially at fair value plus or minus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent recognition

Instrument	Subsequent recognition
Held for trading	Fair value
Financial guarantee contracts	Higher of loss allowance and amount recognised less cumulative amortization
Loans and borrowings	Amortised cost

(vii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability (or part of a financial Liability) extinguished or transferred to another party and the consideration paid, including any non- cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

(viii) Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model.

q. Cash and Cash equivalents

Cash and Cash equivalents in the balance sheet comprises cash on hand, at bank and short-term deposits with banks. The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original

maturities of three months or less from the date of purchase, to be cash equivalents. Such cash equivalents are subject to insignificant risk of changes in value.

In Cash Flow statement prepared by the company, Cash flows are reported using indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transaction of non- cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

r. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of any extra ordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

s. Trade receivables

Trade receivables represents amount billed to customers as credit sales and are net off;

- a) Any amount billed but for which revenues are reversed under the different accounting standard and
- b) Impairment for trade receivables, which is estimated for amounts not expected to be collected in full.

t. Loans and Advances

Loans and advances are non-derivative financial assets with fixed and determinable payments. This category includes the loans, cash and bank balances, other financial assets and other current assets.

Subsequent to initial measurement, loans and receivables are carried at amortized cost based on effective interest rate method less appropriate allowance for doubtful receivables.

Loans and advances are further classified as current and non-current depending on whether they will be realized within 12 months after the balance sheet date or beyond.

u. Investment:-

There is no investment made by the company in securities or shares during the year.
